U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on NOVEMBER 4, 1979
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
NOVEMBER 5 - 11, 1979
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

* NOTICE: Because of Thanksgiving, the next issue will be released on Friday, November 23, 1979 at 3:00 PM.

EXPORT SALES REPORT

Comments on release of November 15 (based on reports from exporters for the week ending November 4, 1979).

Wheat: New sales activity was fairly light after several weeks of moderately heavy business. Japan and the Philippines were the most active buyers. Numerous other countries also made notable additions to existing contract balances. Substantial quantities were switched out of unknown with Algeria and several European countries the principal beneficiaries. Marketing Year (MY) 1980/81 activity was limited to the switch of 25,400 metric tons (MT) of Soft Red Winter from the current MY. Export volume (767,400 MT) was slightly better than last week.

Corn: The net increase in sales (1,018,900 MT) was sharply below the level of the previous four weeks of this MY. Korea and Japan were the most visible buyers, with many European countries entering the market for smaller quantities. The assignment of final destinations along with contract adjustments resulted in a decline in contract balances with several countries and in sales previously reported as unknown. Brazil was the major recipient of sales registered earlier to other countries. The export volume (915,100 MT) was only the second weekly total falling below one million tons since the week ending May 13.

Sorghum: Sales activity was moderate as Mexico, Japan and the Netherlands were the major customers. Optional origin sales of 146,000 MT were also reported. Exports were quite modest.

Barley: Export sales interest was limited as Syria's initial purchase for the MY (16,600 MT) was reported as both a sale and a shipment. The export pace (85,800 MT) was one of the heaviest in recent history.

Rye: The only notable feature was the switch of 5,000 MT from unknown to Finland and its shipments.

Rice: Sales under PL-480 dominated the week's activity as Indonesia purchased 31,000 MT. Commercial sales were modest with Canada and unknown destinations the principal buyers.

Soybeans: Net sales (486,900 MT) remained moderately high as significant purchases by the EC, Mainland China and Japan were reported. Total sales to unknown declined as a result of contract adjustments and final destination assignments. Exports (1,056,800 MT) were extremely high with the EC accounting for 60 percent. Brazil was the recipient of 24,500 MT.

Soybean Cake and Meal: Sales (195,000 MT) increased nearly 50 percent with the EC, Eastern Europe and unknown destinations the primary recipients. Over half the 97,200 MT exported went to the EC.

Soybean Oil: Total sales declined as a 15,000 MT contract adjustment in unknown sales more than offset modest new sales. Exports (2,300 MT) were low.

Cotton: Sales were large again this week. MY 1979/80 sales of Pima cotton increased 4,700 RB as minor adjustments partially offset a sale of 5,000 RB to China-Mainland. Sales of 267,800 RB of Upland for MY 1979/80 were primarily to China-Mainland - 165,100 RB, Eastern Europe - 20,000 RB, Taiwan - 19,400 RB, Greece - 16,600 RB, Korea - 13,200 RB, and the EC - 12,400 RB. Exports were moderate as 125,900 RB were shipped, 76 percent to Asia and 17 percent to Europe.

Oats: Showed not significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR NOVEMBER 5-11, 1979, APPEAR ON PAGE 6.
